BALLISTIC PROTECTION APRON

Personal Body Armour

PRODUCT VIEWS

PRODUCT OVERVIEW

The VIC MAC Ballistic Protection Apron is designed for personnel exposed to fragments and splinters generated during ammunition, arms-manufacturing operations and steel rolling mills. The common configuration provides coverage from the torso to the crotch using Aramid fabric construction, with Black and White colour options.

KEY FEATURES

- Designed for protection against specified machine-generated splinters / fragments.
- Coverage from torso to crotch.
- Aramid fabric construction.
- Optional front collar available
- Approximate weight: 2.5 ± 0.1 kg.
- Common colours: Black / White.
- 5-year common warranty.
- Can be made to buyer dimensions and workplace requirement.
