SINGLE MAN MOBILE MORCHA

Ballistic Protection Structures

PRODUCT VIEWS

PRODUCT OVERVIEW

The VIC MAC Single-Man Mobile Morcha is a compact three-panel ballistic enclosure designed for one operator in a static defensive position. It uses single-piece certified ballistic-steel panels with no joints and provides protection from the front, left and right. The common configuration can be erected or dismantled in approximately five minutes.

KEY FEATURES

- Three single-piece ballistic-steel panels.
- No joints in individual plates.
- Common protection: front, left and right.
- One firing slot per panel for crouched firing.
- Sliding ballistic cover on firing slot.
- No daylight / open gaps when correctly assembled.
- Approximately five-minute erection / dismantling.
- Colour to customer requirement.
