BULLET PROOF SENTRY POST

Ballistic Protection Structures

PRODUCT VIEWS

PRODUCT OVERVIEW

The VIC MAC Bullet-Proof Sentry Post is manufactured to customer requirement for static or semi-mobile sentry protection. Existing VIC MAC specifications document more than one established configuration, including a three-panel open sentry-post arrangement and a four-panel roofed arrangement. The website should therefore present the product as made to specification and show the common configurations rather than one universal size.

KEY FEATURES

- Ballistic-steel protection structure.
- Common three-panel and four-panel configurations.
- Standing and kneeling firing positions available.
- Firing / observation openings with overlapping sliding ballistic shutters.
- Easy assembly / dismantling.
- Optional castor wheels for portability.
- Replaceable firing shutters.
- Camouflage or customer-specified colour.

TECHNICAL SPECIFICATIONS

VIC MAC CORPORATION

An ISO 9001:2015 Certified Organization

Plot 265, Phase VI, Udyog Vihar, Gurugram, Haryana 122001, India
